

At the Big Pine Rooster we have a lot of fun, but we have a serious side too. We are serious about good food; Really good food. We start with the finest ingredients and almost everything is made from scratch.

Early every morning two of our best employees arrive, our Prep Cooks. They bring out fresh fish brought in that day, portion and prepare it for the cooks, boil the red skin potatoes and transform them into amazing potato salad, slow cook our lean corned beef for our huge Reubens and make some of the best soups you will ever have. And that's just the start of their day...

If anything is not perfect, please tell your server or ask for the manager. But with food this good our managers can get pretty lonely, so every now and then do us a favor, and just say hi...

LET'S GET STARTED!
